Region definition

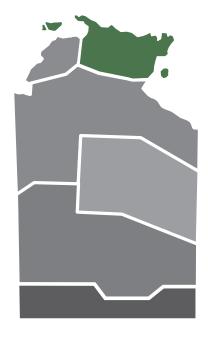

The regional boundaries of the Kakadu Arnhem tourism region are defined by the Australian Bureau of Statistics (ABS) Cat. No. 9503.0.55.001. For the purpose of this profile, these boundaries have been modified by Tourism Research Australia to not include Litchfield National Park.

What makes up the region:

Kakadu National Park, Jabiru, Maningrida, Nhulunbuy, Groote Eylandt and Tiwi Islands.

Source note:

All information is derived from Tourism Research Australia's National and International Visitor Surveys unless otherwise stated. For more information on the surveys, please refer to the 'More Information' section. Note some variables in the graphs may not appear due to no result over this period. Data is rounded and may affect some tables.

Where available, Tourism NT has provided information from other sources to be used in conjunction with the NVS and IVS estimates. It is recommended that other information sources are also used such as population statistics from the Australian Bureau of Statistics, feedback from local operators, information from local Visitor Centres, data from local councils, Tripadvisor etc.

More information on the surveys:

Visitor number, night and spend estimates are derived from Tourism Research Australia's (TRA) National and International Visitor Surveys (NVS and IVS). These surveys are based on sample rather than census, and as such, are subject to sampling variability. When using these estimates at the destination level, this variability increases.
